Nagoya Protocol Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, is not subject to the access and benefit-sharing obligations of the Nagoya Protocol. All botanical raw materials are sourced from common agricultural crops and do not constitute genetic resources accessed from provider countries under the Nagoya Protocol on Access and Benefit-Sharing.

Natural Materials Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, contains ~56% materials of natural origin (according to ISO 16128 calculation) including formulation water.

Origin Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, is formulated and manufactured in the United States of America using globally-sourced ingredients.

Paraben Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, is formulated without raw materials containing parabens.

Pesticides Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, is formulated without the use of pesticides.

PFAS Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, is formulated without raw materials containing per- and polyfluoroalkyl substances (PFAS), and no fluorinated organic chemicals are intentionally added or used during production.

Phthalate Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, is formulated without raw materials containing phthalates.

REACH Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, is exempt from REACH registration or the annual tonnage does not require a registration.

Residual Solvent Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, is manufactured without the intentional use of residual solvents. Any potential trace levels comply with the established safety thresholds and limits outlined in the current USP <467> / ICH Q3C guidelines for residual solvents.

RSPO Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, is formulated without palm derived ingredients.

SVHC Statement:
Please be advised that MultiSal® Menthol, PID: 8002-07, is formulated without raw materials containing Substances of Very High Concern (SVHC) above the 0.1% threshold as defined under the REACH regulatory inventory.
