Subject: PEG and Preservative Statement for SalSphere® Even Skin, 8894-21
To Whom It May Concern,

We, at Salvona LLC d/b/a Advanced Beauty Labs, hereby certify that to the best of our knowledge and based on information provided by our raw material suppliers, the product SalSphere® Even Skin, 8894-21 is formulated and manufactured without the use of Polyethylene Glycols (PEGs) or preservatives. No PEGs or preservative agents are intentionally added to the formulation, and none are known to be present in the raw materials used.

As part of our commitment to producing safe, high-quality, and compliant personal care products, we actively work with our suppliers to ensure transparency and avoid the inclusion of materials that may be of concern to consumers and regulatory bodies.

Should you require any additional documentation or have further questions, please feel free to contact us directly.

Sincerely,

Digitally Signed
